Like a home-brewed recipe:

Membership in MARC is a marriage between Amateur Radio and Motorcycle Riding – adding lots of fun, excitement and friendship. Mix well, and then sprinkle donations of voluntary communications at charity events and you have our recipe for success!!

Since 1992, MARC Members have spent countless dollars and endless hours to attend the “school of hard knocks” @ MARC University to learn about what works and what doesn’t for “motorcycle mobile operations.”

Come Ride Your Radio With Us!!
