## FROM THE PRESIDENT'S DESK:

Before I forget it, donations for the MARC membership/newsletter are now being accepted.

First let's report on some of the things MARC members were doing last month.

The December MARC breakfast meeting had a good attendance as everyone present was looking to take home one of the 30 or more door prizes and more specifically the I-COM W31A dual band HT. Bonnie will report on many of the big winners, but I want to congratulate WG6A Bill & his xyl-KD6EXN Marie for winning the SUPER RAFFLE PRIZE. Bill and Marie had ridden in from their home in Yucaipa in some cool weather and some of those high winds California was having at the time, but it was all worth it.. You never saw two people with bigger smiles on their faces.

The food is always great at the Lake View Cafe where MARC holds our monthly breakfast meetings, but this December meeting was helped along by the donation of the owners, of free coffee to everyone. Nice gesture by the owners, to say the least. Thank you "Dimetri & Dino".

The Christmas spirit was very evident at this MARC meeting as everyone was in a happy festive mood. WB6RSD Ron & KC6ZSH ShErion also presented all MARC members there who had worked the 1996 Challenge Cup Relay Race, with a very classy little plastic card with a picture of the CCRR participants on one side and a list of all

the charities that MARC works with on the other side. We have enough for everyone who worked the event.

That same night more than 20 MARC members attended the SCARA/NARC 440 repeater system Christmas party. At that party they gave away 2 I-COM dual band HTs and 4 dual band Comet antennas. The food was delicious and lots of it. Most of the MARC members sat together at one long table and enjoyed a great night of dining & dancing.

Then on Christmas Eve day, Wednesday December 24th many of the MARC members gathered at Huntington Honda for their annual free Christmas Mexican feed. This year the food was especially good, and again, lots of it. The new owners of Huntington Honda, Roger & Julianne Smith were as gracious hosts as you could ever meet. We wish these new owners every bit of the success that Ralph enjoyed. They certainly have the personality and knowledge to accomplish it.

MARC has received a number of letters and two very nice plaques for our charity work this year. The letters were from the American Heart Association and the Muscular Dystrophy Association. The one plaque was from the Los Angeles Police Dept. and the organizers of the Challenge Cup Relay Race. The other plaque was presented to MARC by the National Multiple Sclerosis Society, Orange County Chapter, for assisting with the MS 150K bicycle

ride. "ALL" MARC members should be very proud of our accomplishments whether you live in So. California or not, you are part of MARC, and you do support us by contributing your membership/newsletter donations. When you tell people you are a MARC member, let them know what we do for charities and be proud of it. "HEYYY" I almost missed it, the nicest award of all, a clear plastic heart shaped plaque on a clear plastic base, with LOVE RIDE 13 sand-blasted into it. Presented to MARC by Harley Davidson of Glendale for the MDA Love Ride. It's beautiful.

Speaking of charity events, it looks as if we will be taking on a new event in MARCH of 1997. The Saddleback Valley Unified School District High Schools Grad Night is putting on a 52 mile bicycle ride Sunday March 16th to help raise money for the schools grad night party under very controlled conditions. The ride will start and finish at Mission Viejo High School, Mission Viejo. MARC members have been asked to assist by providing both a base station and motorcycle mobil communication during the event. KD6KSP Mack has volunteered to be the MARC coordinator for this event. MARK YOUR CALENDARS... The event is called "Tour Olympiad."

One MARC member, for sure, did not receive their December newsletter. It must have gotten caught in one of

those mail sorting machines, as it came back to us all tore up with the mailing address gone. So let us know who it was and we will send a new one out. You pay your money and you should get a newsletter. You won't believe what happened. I just finished writing this and Bonnie brings in the mail. One letter was from KE4PMS Wayne. He sent us the part of the December newsletter with just his address on it. What a coincidence, Bonnie & I were crackin' up... Yes, Wayne got his December N/L finally...

The 1997 newsletters will come out in January, February, March, April, June, August, October, November & December. April/May, June/July, August/September will be for 2 months each during the riding season, for a total of nine newsletters.

It now looks as if K84XI Earl will again be doing the HF Tuesday nets. Earl informed us that all the overtime has dried up and that he will continue to do the HF NET. Let's get out there and welcome Earl back and give him that support to keep the MARC HF going. Another bit of good news we received the day that the MARC Board & Vice Presidents had a meeting, was that KM6NP Michael, owner of Electronic Times, & one of our two advertisers in our MARC newsletter, has offered his new HF station to MARC members to check in on the HF NET. His new HF station will be a mega buck, sophisticated, high power offering that anyone would be proud to use. Knowing Michael and how he does things, you can bet, this will be a top of the line HF station. Michael really supports MARC charity activities also. He is one of the owners of the SCARA system of 13 repeaters we use for some of our charity events. Plus Electronic Times is always a big contributor of quality door prizes for the MARC breakfast meetings. THANK YOU MICHAEL and the other SCARA owners for your continued support.

Recently the MARC 8 P. M. Wednesday night 2-meter net has been experiencing great success, with check-ins running high. We've been having clear frequencies and little or no interference the

past month. Thanks to both the WB6RSD Repeater and the Keller Peak Repeater groups for their cooperation.

Have you MARC computer enthusiasts seen the new MARC HOME PAGE yet? If you haven't you're blowing it.

It's at

<http://www.spots.ab.ca/~ve6hgw/marc/>. Drew has done a magnificent job with his new creation. It deserves your attention. It won a 2nd place, silver metal for the best of home pages on the web for the week of Dec. 15th thru the 21st.

Congratulations Drew.. Take a look at it and please contribute a picture and/or a mini biography and a full biography, too. It took me awhile, but I finally got mine in last month. I would like to see all the board and staff members get these things accomplished in the next few weeks, too. I took some new pictures of the radio installation on my motorcycle and am going to send them to Drew in hopes that he can use them for the MARC HOME PAGE.

Which brings up the MARC LIST/DIGEST members. At the December MARC meeting we asked for a showing of hands of all members present, who were on the MARC email roster (26). Then we asked for a show of hands for those who wanted to leave the 1st Wednesday of the month MARC E-Mails check-ins the way it is, with all the check-ins going through the MARC LIST or change it so the check-ins go directly to a MARC member without going through the MARC LIST/DIGEST. The vote was 22 to 4 to leave it as it is for now at least. Those opposing had a good reason as they explained that all the MARC LIST activity also comes in mixed with their business listings. Boy, I can sympathize with them on the first Wednesday of the month when 65 MARC members responded to the request to check-in. But we did discuss several alternatives that may help alleviate some of their email congestion. On the 2nd Wednesday of January we will ask the same question of all MARC LIST/DIGEST members and the responses can be seen by all members as they check-in with a "got it"--YES or NO to the survey. We are willing to listen to our MARC members and will do what the majority

request. So look for the message on the MARC LIST/DIGEST starting Tuesday evening January 7th.

At the MARC BOARD/Vice Presidents meeting, it was also decided to remove everyone from KC7MZ Lewis' MARC LIST/DIGEST roster who is "not" a member in good standing. So sometime after the first of the year, after everyone has had ample time to make their donation for the newsletter/membership, we will go through the list as Lewis sends it to us and delete those non-members.

More EMAIL, for our MARC members who are changing servers or buying a computer for the first time, please consider using your first name and call sign, such as (raykd6fhn) for your username, it just makes it so much easier for all concerned to recognize who the sender is... And "PLEASE" be sure your first name and call sign are in your signature. Everybody has been pretty good about keeping the OFFICIAL MARC E-MAIL LIST here at the club office up to date on any call sign changes, username changes and server changes, and for that we "thank you". Since all the renewals have been coming in our official email roster is now up to 119 members. That is almost 1/3 of our total membership now, and growing daily.

THE NEXT MARC BREAKFAST MEETING of course, is SATURDAY JANUARY 11TH, 1997.

Just today I was talking on our ham radios to ZHG Dave our MARC Packet Coordinator, about the possibility of starting a BBS list of MARC members. We would like your input on this. Please send any comments or suggestions you have to KC6ZHG Dave's packet address: (DaveKC6ZHG@W6OZ.#SOCA.CA.USA.NA). Let's take a look at this and see if we can develop a list of BBS users. We have been asked to look into using BBS for writing and handling violations at the LAPD's Challenge Cup Relay Race. We may not have time to get it going this year, but hopefully will have it ready for next year.

Again, speaking about CCRR. It's that time of year again. John NXC has sent out the mailings for the motorcycle riders and motorhomes, asking "IF" they

are going to participate and if so, where they want to work. I sent my card back just saying to put me where needed most.

Those cold 36 nights with 40 mph winds turn a lot of people off for working the Mountain Springs Pass area, but someone has got to do it. Look for NXC John's full report elsewhere in the newsletter.

Hey guess what. I'm making the same three New years resolutions that I have made the last THREE YEARS.

It's so easy this way.

1. Lose 25-30 lbs before May 18th (my birthday) before going off my diet.
2. Get back on my ski machine & back into shape.
3. Learn 13 wpm morse code, so I can get on HF with the big guys. Now I accomplish 2 out of 3 every year. Can you guess which two they are???

hi-hi-  
And for those who care or even if you don't. I have made reservations at the Hidden Valley Campground outside of Sturgis for the 1997 Sturgis Rally. A group of Wings Digest subscribers are going to camp there. By this summer I hope to have a Lap Top computer so I can send email messages to the MARC LIST/DIGEST as I travel about the country this year. Last summer I put 25,000 miles on the Goldwing and I would like to improve on that this year. Other rides I plan on doing are; time, health & money permitting, the USA 4 Corners Ride, Wing Ding, SCMA 3 Flags Ride, go see my mother on her 93rd birthday in September which usually ends the riding season for me. Last year I got caught in 3 snow storms going across Wyoming between Rock Springs and the Utah border on I-80 in September. While at the Sturgis Rally, I will go over to the IBMC campout at Hot Springs, SD (Aug. 7-10).

We will have a sign-up sheet for this years Date Festival Ride to Indio, CA. Sunday February 23rd. We will meet at the Lake View Cafe for breakfast & (whoever wants to join us) and then head out on the 125 mile ride to Indio. We will make a pit stop at Dennys Restaurant at Beaumont Ave & the I-10 FWY.

The SCMA Soup Run is going to be held Sunday January 12th. Sign-in is at

Accessories Unlimited in Valencia, CA from 8 A.M. to 10 A.M. Anyone wishing to join us on this ride, let us know at the January meeting.

#### The SCMA Three Flags

Classic drawing will be held Saturday January 25th at 12 noon at Moffett School in Norwalk. Bonnie & I, of course plan on being there for the 14th year in a row. This years cost is \$190 and the ride goes from Nogales, Mexico to Moose Jaw, Alberta, Canada over Labor Day weekend.

Well here goes this years, year end report. The statistics are pretty impressive to say the least, and as I said before, a very good reason for all MARC members to be proud of "our" club. Looking back at 1996, MARC members worked seven charity events this year in So. California. So here it is, the summer of 1996. MARC members volunteered 1,909 man hours to charities and that doesn't include all the meetings the coordinators attended.. Those volunteers used 134 motorcycles with ham radios on them. There were 30 non-riding MARC members who volunteered to work as control operators and other ham related activities. We, MARC members provided motorcycle mobil communications while these 7 charities raised approximately \$2,500.000. The exact final figures are not in yet, but the \$2,500,000 will be close. We are a very unique group of people and we should be very proud of the things we do for those less fortunate than ourselves. It's great, we get to talk on ham radio and ride our motorcycles while assisting others. I Love It.

Well, off into a new year. Bonnie and I feel we are really fortunate to have such a large family, as in MARC. We can only hope and pray that all MARC members will remain as happy and healthy as we have been. Our years as MARC members have brought us many rewards with many new friends and that could not make us happier. We have really been blessed with a family such as this. I guess I don't have the words to really relate our appreciation to our members. God Bless you all, we love you. HAVE A GREAT YEAR.....

Last minute developments

after the N/L was finished.

1. Fred Rau, editor of Motorcycle Consumer News, has agreed to come and be our guest speaker for the MARC January 11th meeting.

2. NCG Corporation has given us a NISSEI RP-300, 30 A power supply to test and write a tech report on it and then we can purchase it for our Super Raffle Prize for the MARC 5th anniversary meeting in MAY.

BY: De Witt KM6UK  
Disaster and E-Mail Coordinator

I'm sitting here thinking about what to write about this month. As I look at the calendar, 1996 is going, going, gone. I look back over the last year with glowing PRIDE! Geez, what a year. Biggest and best for MARC so far. Our expertise and "Just plain do it right" skills are growing with each event we work.

Let me tell you something folks, these events don't go off without a hitch just because we are good. No! They happen that way because of lots of EXCELLENT planning, many meetings, and more long hours of planning with the organizers and some remarkable coordination with our own members.

Our committee chairs often ride many miles, and often more than once, to attend organization meetings. I would venture to guess that John KD6NXC, and Gary KE6PSD rode to Glendale Harley Davidson 6-8 times before the LOVE RIDE happened. They didn't get any pay for that folks. They even bought their own gas to get there.

The Glendale Harley Davidson Love Ride committee members have a great deal of real respect for our organization. Since we, MARC, have begun to ride, and provide great communication for the event in our bright vest's which state in Bold Letters, EVENT OFFICIAL, speeds are down, rowdies are better behaved, and incidents are down because we break the event into controllable bites. And besides, "we look good."

Incidents are quickly controlled, because you the MARC members are there to lend your expertise to whatever the situation may be.

Our base station operators are beyond compare. You guys have really developed an enviable skill at handling events. I

respect what you do "so well," enormously. I know one lady almost hurt herself because she wouldn't even take time to go potty. Now that's really "doing your duty!"

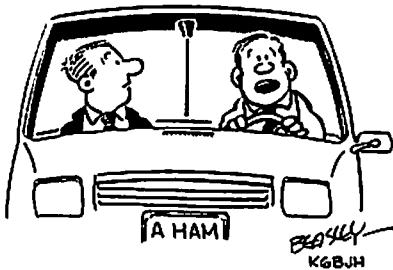

But ya know what, without the rest of YOU, the guys n' gals who go out into the trenches, we wouldn't even have a MARC. You are the Heart and Soul of MARC. You are the motorcycle riders, the communicators, the base stations, heck, some of you don't even ride a motorcycle. Tremendous support!

Without you there could not have been a "Challenge Cup," MS150, Heart and Soul, Love Ride, and several others. The really neat thing? You do it 'so well,' that your Board of Directors now has to vote as to which of the many events we want to work. Each event has to meet rigid standards to qualify for support from you folks. If we did all the events we are asked to do, we would have an event every weekend. None of us have that kind of time.

Do you want to know what makes me really sad though? We have so many members, in so many places, and I have to write this blasted article every month.

I'd REALLY like to hear from you folks out of Country, and out of State. What rides do you go on? Where do you go? What do you do? I'll make a deal, if you are not a writer, send me the details, and between us, we'll get the message delivered into the newsletter.

Hey folks, GREAT JOB! WELL DONE! HAPPY NEW YEAR!!!

\*\*\*\*\*  
NOBODY'S FRIEND  
\*\*\*\*\*

I'VE GOT A VERY LOW GARAGE DOOR!

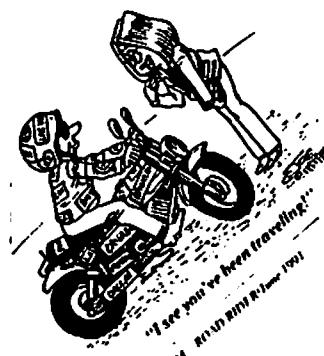

My name is Gossip. I have no respect for justice. I maim without killing. I break hearts and ruin lives. I am cunning and malicious and gather strength with age. The more I am quoted, the more I am believed. My victims are helpless. They cannot protect themselves against me because I have no name and no face. To track me down is impossible. The harder you try the more elusive I become. Once I tarnish a reputation, it is never the same. I topple governments and wreck marriages. I ruin careers and cause sleepless nights, heartaches and indigestion. I make innocent people cry in their pillows. Even my name hisses. I am called Gossip. I make headlines and headaches. Before you repeat a story, ask yourself: Is it true? Is it harmless? Is it necessary? If it isn't, don't repeat it...

Hello Ray & Bonnie,

You want to hear about out-of-states rides. Gee!

Last Saturday, Dec. 7th, it was raining. The temperature hovered around 38 degrees. (I used to live in California.) I had to meet Bob at Hardees at 10:30 am, then ride to meet our Chapter "8" group at Holly Hill in Winder, GA. at 11 am.

At 10:30 it was still raining and getting warmer. When we met our group, it had stopped raining. The sun started to peek out. Only seven bikes with five couples showed up. Rain suits came off for the ride to Athens, Georgia, for the Annual Christmas Motorcycle Toy Ride from Sam's Club parking lot. Here we had a big turn out-lots of toys, lots of motorcycles and old 50's cars filled up the lot. Many of the people who did show up here had to ride much farther in the rain than I did. We had police escort through the main streets of Athens, then back to Sam's Club for the prize drawings. I forgot to mention that on the ride I did not need a jacket. The temperature was in the high 60's. A great day for a ride after all! Usually we don't intentionally ride in the rain, but be careful. You can still have a nice ride...Doug..KB6RRX

>From your 2VP

Happy New Year To Everyone: As I sit back and think of all the accomplishments of our MARC club during 1996, I am very proud to be a member of this outstanding organization. We are unique in our service to the public. The mobile communications provided by everyone in our events has become a looked-forward to part of the safety and welfare of everyone that participates in the events that we have worked.

The camaraderie and brotherhood that I have experienced during our monthly meetings, our get-togethers at Huntington Honda on off-Saturdays and the communication on the Wednesday night nets tells me that this is a club of people who care about one another. If you live in the Southern California area and have not participated in any of our charity rides, I encourage you to get involved. Try one of the smaller rides first, then move up to the "biggies". It is very rewarding to know that you have helped others, plus it is also fun to ride and talk with friends on the radio. If you are not in the local area, I would encourage you to contact the organizers of local events. Most have amateur radio operators at the start and at checkpoints during the events. Let them know what you can do by providing mobile radio escort for the participants of the event, even if it is just sweeps to keep everyone informed of the location and progress of the last participants. A couple of motorcycles mobile with ham radios on board can cover a lot of territory. Get involved, let's let everyone know that MARC is out there!

Now for our next event, the Challenge Cup Relay Race. I have about 20 volunteers signed up at this time. We need many more workers for this event.

I have mailed out sign-up cards to past participants and will be passing around a sign-up sheet at the next MARC meetings. If you can't make the meetings or live outside the area and would like to help with this event, contact me by writing to me at my home address, or by e-mail. I will put you on the list and put you to work on this, our next major event. Each volunteer will be assigned to a 3 to 5 hour shift ( 4 to 6 miles) to patrol during the race on 12 or 13 April 1997, The Baker to Las Vegas Relay Race.

Come and join us! For more information, contact:

John F. Reynolds, 5546 N. Sycamore Ave, Rialto, CA. 92377 or  
johnkd6nxc@aol.com

**FROM YOUR 50/50 LADIES:  
PAT KD6SBZ & MIJO KF6BEB**

December was rather short as far as net drawings with no response on the Wednesday nite 2-meter net drawing : 12/11 KB6HBZ Peter, 12/18 N6TKQ John and there were no more nets for balance of the month. Those collecting from the last month was KE6BIT Gary, KD6VDH Jim didn't make it to the meeting so he forfeited his \$5. Remember you have to be an early bird check-in or respond when your call-sign is called (on the 2-meter net) and come to the next breakfast meeting to collect your \$5.

The Christmas 50/50/door prize winners are:

We had three pots and N6EDY Billy took the first two with N6QZT Mike capturing the third.

(1) \$40 gift certificate from Huntington Honda--KE6VDY Windy  
(2) FL62S Dual band(2-M/440) antenna from NCG (\$60) --

N6EDY Billy

(3) Power Pocket From NCG(COMET)(\$80)- KM6NP Michael  
(4) DOI Power Protector from Electronic Times(\$35)-

KE6HFF Jeff

(5) Maldol Antenna 144/430 MHz from Electronic Times(\$40)-  
KD6RIN Chuck

(6) World Radio subscription from "MARC"--N6KBI Ken

OUR TICKET DRAWER THIS MONTH WAS: Shawn Brink  
We want to thank all other door prize donators; Ray & Bonnie, Mel & Kay, Billy, Bob & Lynda & Mike Naron

Well the big Surprise Party was well received. We had a great time. Bill especially enjoyed K7AU's 3N1. The new members have a great time in our club. CONGRATULATIONS TO THEM

"A VERY HAPPY NEW YEAR TO ALL FROM SBZ & BEB"

**COMMENTS FROM THE SECRETARY/TREASURER:**

**BONNIE KD6OFQ**

We have thrown out the Welcome Mat to the following new members: KD6TTL JACK (CA), K7AU Charles (OR), KT4AD John(VA), KE4RXP Rev.Lawrence(AL), KA9WEM Sandy(IL), AF7M Gary(CA) We welcome you with lots of hugs...and remember if you need assistance or technical advice we will strive to help you, I might add Ray KD6FHN can give you more technical advice than I.

At our December meeting we had 42 members and 5 guests. One of our members got up at 2 A.M. to arrive at the meeting from Livermore, CA-KE6GDJ Nick, what a guy!!!

We had another wonderful surprise, KE6WIK Bill showed up at the meeting(no walker, no wheel chair,& no cane). Bill looks good and I must say gets around real good for all he has been through and has to go through yet. Welcome back Bill..Along with this I want to thank KD6UZM Alvin who went to Bill's house in Westminster from Riverside picked Bill up and brought him back to the meeting. Alvin has been our communications and information bureau regarding Bill's condition. Thank you Alvin...

**WHAT WOULD WE DO IF WE DIDN'T HAVE OUR WAITRESSES BILLIE AND TANYA WHO DO A GREAT JOB ALSO HEARTY THANKS TO THE CHEF WHO KEEPS THE FOOD A-COMING TO THE TABLES... THANK YOU AGAIN.**

Well it is renewal time again..LOOK FOR YOUR HIGHLIGHTED EXPIRATION DATE NEAR OR ABOVE YOUR NAME ON YOUR ADDRESS LABEL ON THE NEWSLETTER. THERE WILL BE A RENEWAL FORM IN THE NEWSLETTER FOR THOSE WHO NEED TO RENEW.PLEASE FILL IT OUT WITH ANY UPDATES, DOWN DATES, NEW INFO ALONG WITH YOUR MONIES. NOW FOR THOSE WHO ARE COMING TO THE MEETING AND PLAN TO PAY THERE PLEASE FILL OUT THE FORM COMPLETELY AND ATTACH YOUR MONIES TO THEM FOR ME...PLEASE-PLEASE-PLEASE AND THANK YOU VERY MUCH.

**"A VERY VERY HAPPY HEALTHY PROSPEROUS NEW YEAR TO ALL MARC MEMBERS AND THEIR FAMILY AND FRIENDS.... LOVE YOU ALL.**

# Motorcyclists Wanted

The Motorcycling Amateur Radio Club is looking for volunteer riders to work the 1997 Baker to Vegas Challenge Cup Relay Race for Traffic and Safety Enforcement duty equipped as below.

DATE: Sunday, March 16, 1997

LOCATION: Mission Viejo High School, Mission Viejo

ATTENDANCE: 1,500 Participants anticipated  
1,500 Spectators anticipated

CELEBRITIES: Local Olympians

COURSE: Non-Competitive Cycling Tours (10, 25, 35, & 50 Mile Courses)  
The courses will tour portions of the 1984 Olympic bike course and Olympiad street.

FEATURES: Sports Health & Fitness Expo  
Kid's Fair  
Live Entertainment  
Community Barbecue  
Tykes on Bikes (Kid's 5 yrs under)  
Bike Rodeo  
Mountain Bike Trail Ride (T.B.D.)

BENEFICIARIES: Saddleback Valley Unified School District High Schools Grad  
Night (Mission Viejo High, Trabuco Hills High, El Toro High, Laguna Hills High, with invitations extended to other local South Orange County High Schools)

EXPECTED PROCEEDS: \$50,000

## REQUIREMENTS ARE

Class M licensed and insured riders on motors equipped with CB Radios and 4-way hazard flashers. 2 meter / 440 "Ham" radios mounted on motors a real plus!

## THE CHALLENGES ARE

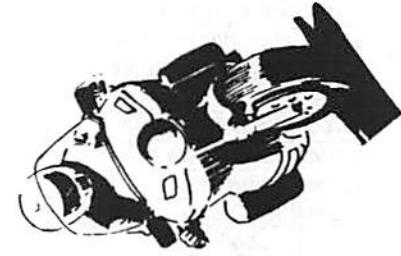

To keep runners, vehicular and pedestrian traffic safe.

## THE REWARDS ARE

1. Fun.
2. Meeting new and old friends.
3. New and unique riding challenges.
4. 1997 Baker to Vegas Challenge Cup Relay T-Shirt.

The race is scheduled for April 12 and 13, 1997.  
Please telephone or leave message by March 25.

## MOTORCYCLE PRODUCTS

### PRODUCT AND PRICE LIST

BRM-1	J & M Antenna Bracket (Rail Mount)	15.95	ADKM	J & M Adapter Harness For Kenwood Mobiles	49.95
	Fits Honda and all other 7/16" or 1/2" Bar or Grab Rails. Unit has 5/8" hole for antenna connector. All Aluminum with Aircraft Stainless Steel mounting screws.			This all custom adapter allows for conversion, via the speaker and mic plugs, to many popular Helmet Speaker/Mic assemblies.	
SMA	J & M Goldwing Side Mount Antenna Adapter	24.95	ADAO	J & M Adapter for Yaesu & Icom Hand-Helds	39.95
	Converts Honda Stock antenna mount, to accept ham or CB antennas that use a standard HF (SO-239) Connector. Provided with 10' 50 ohm coax.			Same as the AD78 for Yaesu and Icom Radios. (Will fit others call with your specific application.)	
FMCB	J & M AM/FM/CB Antenna Adapter Converter	28.95	PTSB	J & M Push to Talk Switch and Bracket	16.95
	Converts Single CB antenna to provide Combination reception from the one antenna.			Switch and Bracket for all M&M Interface adapters.	
HT-L	J & M Hand Held Radio Bracket (Left Side)	36.95	HF	J & M Full Size Handle Bar Radio Bracket	69.95
	Fits Honda GoldWing 1500. Attaches to left hand control post, via Replacement Mount and Stainless Steel Screws. Unit will secure any Hand Held Radio or Scanner with belt clip.			Fits Honda GoldWing 1500. Attaches to the underside of the handle bars and provides a removable crossover bracket. The bracket provides a flat area of approx 10" x 3" to mount any manufacturers or aftermarket radio bracket. Unit will secure most radios under 10 lbs.	
HT-R	J & M Hand Held Radio Bracket (Right Side)	36.95	HF-1	J & M Handle Bar Full Size Radio Bracket	69.95
	Same as Above, attaches to Right hand control post.			Same Concept as HF bracket. Fits Honda GoldWing 1200 or 1500, and other motorcycles with open tubular handbars.	
HT-U	J & M Hand Held Radio Bracket Universal	44.95			
	Fits most other motorcycle handlebars. Attaches directly to handlebar with an all aluminum surrounding bracket.				
AD78	J & M Interface Harness for Kenwood Hand-Helds	39.95			
	This custom interface matches Mic Impedance, PTT & Speakers from a Kenwood HT to most popular Headsets.
